

iTech Movie Script v7.52

Description:

A review portal has made it as easy as possible to find what you're looking for with just a few clicks. You can search by Movie/TV title, Cast/Crew name, Character name, Word Search, On this Day in History, or Recent Releases. Each one of these search options has a fairly extensive drop-down menu that allows you to focus your search even further. You can find advanced search tips at the Internet Movie Database help page. A review portal is one of the most popular multimedia destinations on the Web, offering an extensive database of movie, TV show, and actor/actress information.

[wiki] iTech Movie Script is a popular movie review script developed in jQuery, PHP and MySQL. This product is considered the best in category. We offer extensive customization (design and development) of this product at minimum charges.

This product can be further customized to launch a website like Filmmakersalliance, Exploretalent, Movieweb, Tourismturkey, Madmind, Filmcomment, Cinema5d, Revision3 etc.
